DSRPTD RETRO

DSRPTD Retro is an extension to DSRPTD 2022 Summit that was held in Dubai on the 18th and 19th of October with the DSRPTD X activity provided to DSRPTD 2022's enablers and partners, along with the unprecedented content that makes the world's only DSRPTD MBA online programme.

Very few select startups, investors, and industry leaders will be accepted and invited to the DSRPTD Retro Beach Edition programme from all over the world to experience our first Retro Beach event and explore the DSRPTD opportunities.

VC / HEDGE FUND / ACCELERATOR FUSION

The only event in the world and the first of its kind that provides support in CorpDev, Marketing, Tech & Exec Talent, and Market Development.

Saving you months if not years of time and cost.

Adding value beyond any other VC, hedge fund, accelerator / incubator programme.

THE MOST UNSPOKEN-OF HAPPENING IN THE VC WORLD

From getting oversold on launchpads, and oversubscribed in investment rounds, to synergistic commercial partnerships, acquiring and expanding into international markets, to listing on exchanges and DEXs, as well as making it into the news.

We don't make winners. We accept them.

**ABSOLUTELY DIFFERENT,...
SIMPLY THE BEST.**

The host Ahmed Refaie is a professional and
very good person which are big qualities to
make a business successful and he knows how
to connect the right project owners and
investors in order to support each of them for
successful transactions which helps also to
improve the world. The locations where
DSRPTD is choosing for the events are quite
very interesting with the mix of luxury and
elegance.

Great Event

I loved the exclusivity and while there were many people who did not attend the full sessions all the time, it was nice that it was so selective.
